

## A New Look Celebrating our Past and our Future

As the NDAEB celebrates its 25<sup>th</sup> year of service to Canada, we are looking forward and embracing the future together.

Today we share our new logo and branding for the organization.

**NDAEB**  **BNEAD**

Our new logo recognizes our past and symbolizes innovation and our continued quest for excellence. As we enter our next 25 years, our logo will represent our commitment to our mission, within a deeper culture of diversity, inclusion, and transparent, evidence-based decision making.

**Our new look is accompanied by innovation.**

In the next few weeks, we will announce changes to our certificate to make it more verifiable and more accessible for, the public regulators, and oral health practitioners across Canada.

Next month we will announce a new 5-year strategic plan that will position the NDAEB for enhanced leadership in dental assisting, accreditation, and assessment along with exciting strategies to embrace the diversity of Canada.

We hope you like the new look. We hope you love the new NDAEB!
